MOTOR VEHICLES

RE: Driver's License Required of Servicemen

In regard to your request for an opinion of January 31, 1958, as to whether or not a serviceman stationed in the United States Military Service in North Dakota is obligated to acquire a North Dakota driver's license while operating a private vehicle, it is the opinion of this office that such serviceman must acquire a driver's license as would any other non-resident in similar circumstances.

LESLIE R. BURGUM

Attorney General
